Independent Auditor's Report

The Board of Trustees
National Trust for Historic Preservation
and its Subsidiaries and Affiliates
Washington, D.C.

We have audited the accompanying consolidated financial statements of the National Trust for Historic Preservation and its Subsidiaries and Affiliates (the Trust), which comprise the consolidated statements of financial position as of June 30, 2018 and 2017, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We did not audit the consolidated financial statements of the National Trust Community Investment Corporation (NTCIC), a wholly-owned subsidiary which constitutes \$15,933,985 and \$11,276,472 of total consolidated assets as of June 30, 2018 and 2017, respectively and \$11,831,719 and \$11,466,075 of total consolidated operating revenues for the years ended June 30, 2018 and 2017, respectively. Those statements were audited in accordance with accounting principles generally accepted in the United States of America, and were audited by other auditors, whose report has been furnished to us. Our opinion, insofar as it relates to the amounts included for NTCIC, is based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit

also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audits and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the National Trust for Historic Preservation and its Subsidiaries and Affiliates as of June 30, 2018 and 2017, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

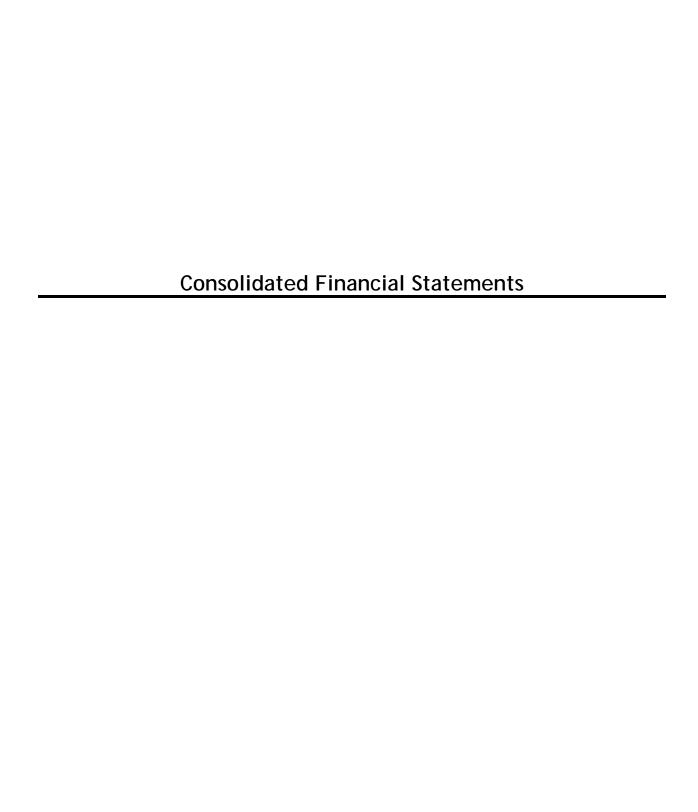

Other Matters

Other Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating statement of financial position as of June 30, 2018 and consolidating statement of activities for the year ended June 30, 2018 are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

BDO USA, LLP

Notes to Consolidated Financial Statements

1. Summary of Significant Accounting Policies

(a) Organization

The National Trust for Historic Preservation (the National Trust) and its subsidiaries and affiliates (collectively referred to as the Trust) is a private, non-profit organization chartered by Congress. The Trust's mission is to protect significant places representing our diverse cultural experience by taking direct action and inspiring broad public support.

National Main Street Center, Inc. (NMSC) was established in 2012 as a non-profit organization, with the National Trust as its sole member, but is governed by its own board of directors, bylaws, and operating procedures. NMSC is committed to preservation-based community revitalization of historic commercial and neighborhood districts throughout the United States.

The National Trust Community Investment Corporation (NTCIC) was organized as a wholly owned for-profit subsidiary of the Trust in 2000. It is governed by its own board of directors, bylaws, and operating procedures. NTCIC serves as the managing member of a number of limited liability companies that invest in properties that qualify for the federal and state historic tax credits, New Markets Tax Credits and Low-Income Housing Tax Credits. Nearly all of its investments are in qualified low-income census tracts. Among other purposes, its certificate of incorporation allows it to provide other similar financial investment services related to the mission of historic preservation in the United States.

National Trust Insurance Services, LLC (NTIS), was formed by the Trust in 2003 to provide insurance services for the preservation community. NTIS was established to qualify as a licensed insurance producer. NTIS is 99% owned by NTCIC with the remaining ownership interest held by Maury, Donnelly & Parr, Inc. who acts as the agent for NTIS and markets and fulfills all insurance products as an experienced insurance producer.

Heritage Travel, LLC (HTLLC) was formed in 2008 and is wholly owned and governed by NTCIC to provide and promote services related to heritage travel.

NT Solar, Inc. (NTS) was organized as a wholly owned, for-profit subsidiary of NTCIC and was incorporated in 2014. NTS was established to participate in the financing, directly or indirectly, of renewable energy transactions for which the investment tax credit is being utilized.

NT CDFI, Inc. (NT CDFI) is a not-profit subsidiary of the Trust. NT CDFI is responsible for the operations of the National Trust Loan Funds. NT CDFI is governed by its own board of directors, bylaws, and operating procedures and has a primary mission of providing loans to benefit preservation-based community development. NT CDFI is managed by NTCIC under an operations agreement effective January 1, 2011. NT CDFI was dissolved effective July 21, 2017.

National Trust Historic Real Estate Debt Fund, LLC (NTHREDF) was formed in 2016. NTHREDF was established to provide debt investment services and products for historic real estate under management by NTCIC, but with majority ownership by the National Trust.

Notes to Consolidated Financial Statements

Cooper-Molera Preservation LLC (CMP LLC) is a joint venture between the Trust and FHP Adobe LLC (FHP) established in October 2016 to further the rehabilitation, reuse, and historic preservation of Copper-Molera Adobe, an important historic site located in downtown Monterey, California. The Trust is a 92% and 86% equity partner as of June 30, 2018 and 2017, respectively. FHP is an affiliate of Foothill Partners. Foothill Partners is the managing partner who maintains the books and records on behalf of CMP LLC. Under the agreement between the partners, the Trust has an equity commitment of up to \$2.5 million of which \$2.5 million and \$1.1 million was funded as of June 30, 2018 and 2017, respectively.

The accompanying consolidated financial statements present the consolidated financial position and changes in net assets of the Trust. All significant inter-organizational accounts and transactions have been eliminated.

(b) Basis of Accounting

The accompanying consolidated financial statements are presented in accordance with the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP), whereby, support and revenue are recognized when earned and expenses are recognized when incurred.

(c) Basis of Presentation

Net assets and revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Trust are classified and reported as follows:

Unrestricted

Unrestricted net assets are not subject to donor-imposed stipulations. Gains and losses on investments are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulations or by law. Revenues from sources other than restricted contributions and investment income are reported as increases in unrestricted net assets. Expenses charged to unrestricted programs are reported as decreases in unrestricted net assets.

Temporarily Restricted

Temporarily restricted net assets are subject to donor-imposed stipulations that limit their use for a specific purpose and/or the passage of time. Donations to be used for specific purposes and gifts of properties are classified as temporarily restricted net assets.

Permanently Restricted

Permanently restricted net assets are subject to donor-imposed stipulations that they be maintained permanently by the Trust. Generally, the donors of these assets permit the Trust to use all or part of the income earned on related investments for unrestricted or restricted purposes relating to the mission of the Trust.

Notes to Consolidated Financial Statements

During 2018, certain reclassifications were made to transfer net asset balances between the classes of net assets to reflect the addition of easements or the clarification of donor restrictions.

(d) Recent Accounting Pronouncements Not Yet Adopted

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)* (ASU 2014-09). The update establishes a comprehensive revenue recognition standard for virtually all industries under U.S. GAAP including those that previously followed industry-specific guidance. The guidance is effective for the Trust for the fiscal year ending June 30, 2020. Management is still in the process of assessing the impact this ASU will have on the consolidated financial statements.

In August 2016, the FASB issued ASU 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities* (ASU 2016-14). The amendments in ASU 2016-14 make certain improvements to the financial reporting by not-for-profit entities to provide more useful information to donors, grantors, creditors, and other users of financial statements. The guidance is effective for the Trust for the fiscal year ended June 30, 2019. A reporting entity should apply the amendments retrospectively to all periods presented. Management is in the process of assessing the impact this ASU will have on the consolidated financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases* (*Topic 842*) (ASU 2016-02), to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statement of financial position and disclosing key information about leasing arrangements for lessees and lessors. The new standard applies a right-of-use (ROU) model that requires, for all leases with a lease term of more than 12 months, an asset representing its right to use the underlying asset for the lease term and a liability to make lease payments to be recorded. The guidance is effective for the Trust for the fiscal year ending June 30, 2021. Management is still in the process of assessing the impact this ASU will have on the consolidated financial statements.

In November 2016, the FASB issued ASU 2016-18, *Statement of Cash Flows* (ASU 2016-18). The amendments in ASU 2016-18 require that a statement of cash flows explain the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. Amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. The guidance is effective for the Trust for the fiscal year ended June 30, 2020. A reporting entity should apply the amendments retrospectively to all periods presented. Management is in the process of assessing the impact this ASU will have on the consolidated financial statements.

In August 2018, the FASB issued ASU 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (Topic 958) (ASU 2018-08). This ASU was issued to standardize how grants and other contracts are classified across the sector resource recipients and resource providers. The standard will assist these types of entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of Topic 958, Not-for-Profit Entities, or as exchange transactions

Notes to Consolidated Financial Statements

(reciprocal transactions) subject to other guidance and (2) determining whether a contribution is conditional. The guidance is effective for the Trust for the fiscal year ended June 30, 2020. A reporting entity should apply the amendments retrospectively to all periods presented. Management is in the process of assessing the impact this ASU will have on the consolidated financial statements. The guidance is effective for the Trust for the fiscal year ended June 30, 2019. Management is in the process of assessing the impact this ASU will have on the consolidated financial statements.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820)* (ASU 2018-13). The ASU modifies the disclosure objective paragraphs of ASC 820 to eliminate (1) "at a minimum" from the phrase "an entity shall disclose at a minimum" and (2) other similar "openended" disclosure requirements to promote the appropriate exercise of discretion by entities. The disclosure objective added in ASC 820-10-50-1C states: The objective of the disclosure requirements in this Subtopic is to provide users of financial statements with information about assets and liabilities measured at fair value in the statement of financial position or disclosed in the notes to financial statements: a. The valuation techniques and inputs that a reporting entity uses to arrive at its measures of fair value, including judgments and assumptions that the entity makes; b. The uncertainty in the fair value measurements as of the reporting date; c. How changes in fair value measurements affect an entity's performance and cash flows. The guidance is effective for the Trust for the fiscal year ending June 30, 2020. Management is in the process of assessing the impact this ASU will have on the consolidated financial statements.

(e) Accounting for Historic Sites

Historic Sites Owned by the Trust

The Trust owns certain historic sites that are operated as museums or are otherwise integral to the Trust's preservation programs and are either managed by the Trust or are managed for the Trust by other non-profit preservation organizations or other groups under various cooperative arrangements. Sites identified in italics below are managed by other entities.

Historic Sites Open to the Public

Belle Grove, Middletown, Virginia	Brucemore, Cedar Rapids, Iowa
Chesterwood, Stockbridge, Massachusetts	Cliveden, Philadelphia, Pennsylvania
Decatur House, Washington, District of Columbia	Drayton Hall, Charleston County, South Carolina
Farnsworth House, Plano, Illinois	Filoli, Woodside, California
Gaylord Building, Lockport, Illinois	Kykuit, Pocantico Hills, New York
Lyndhurst, Tarrytown, New York	Montpelier, Montpelier Station, Virginia
Oatlands, Leesburg, Virginia	Philip Johnson Glass House, New Canaan, Connecticut

Notes to Consolidated Financial Statements

Pope-Leighey House, Mount Vernon, Virginia President Lincoln's Cottage, Washington,

District of Columbia

Shadows on the Teche, New Iberia, Villa Finale, San Antonio, Texas

Louisiana

Woodlawn, Mount Vernon, Virginia Woodrow Wilson House, Washington, District

of Columbia

While the Trust continues to own Villa Finale, on July 1, 2017, the management and operation of this historic site in San Antonio, Texas, was turned over to another non-profit preservation organization.

In addition to the historic sites shown above, the Trust owns Cooper-Molera Adobe, a historic site in Monterey, California, which was not open to the public during the fiscal year due to renovations. Cooper-Molera Adobe opened to the public on September 17, 2018.

On December 22, 2017, the Trust received a gift of Thornton Gardens, a historic site in San Marino, California, subject to a life estate of the donors. Due to the life estate, the site is not currently open to the public.

Property the Trust May Own with Intent of Sale

Certain other properties may be held with the intent of sale. Properties accepted with the intent of sale are recognized as revenue at the time of receipt at the estimated fair value less costs for historic evaluation, repair, maintenance, and the impact of the easement of the fair value. Upon sale, the Trust ensures the preservation of these historic properties by imposing perpetual preservation easements where appropriate. Historic properties held with the intent of sale have been acquired by the Trust through outright gifts, bequests, gifts with retained life estates, purchases or other means.

Accounting Practice for Trust-Owned Property and Other Collections

The Trust's museum collection includes historic sites, structures, landscapes and objects that are available to the public or held for that purpose. It acquires its collections by purchase or by donation. The Trust's Collections Management Policy includes guidance on the documentation, preservation, care, and management of the collections and procedures related to the accession and deaccession of collections items.

In conformity with the practice generally followed by museums, no value is assigned to the collections in the consolidated statements of financial position. The historic sites, including objects and furnishings, owned by the Trust with the intent of retention are not reported in the accompanying consolidated statements of financial position. Purchases of collection items are recognized as reductions in unrestricted net assets in the period of acquisition. Per the Trust's *Collections Management Policy* and following professional standards and guidelines, proceeds from deaccessions of collection items are designated for the replenishment or care of other objects within the museum collection and the preservation of historic structures or historic

Notes to Consolidated Financial Statements

landscape features that are part of the Historic Structures and Landscapes Collection. Expenditures for restoration, stabilization, reconstruction, and development are charged to expense as incurred.

(f) Cash and Cash Equivalents

Cash and cash equivalents consist of cash and amounts invested in money market accounts. Cash and cash equivalents held in investment accounts are excluded as they are considered to be held for long-term purposes. As of June 30, 2018 and 2017, the Trust's cash accounts held in excess of federally insured limits were \$5,398,294 and \$4,738,309, respectively.

Cash restricted at one of the Trust's subsidiaries for working capital and project deposits amounted to \$560,165 and \$429,539 as of June 30, 2018 and 2017, respectively.

(g) Accounts Receivable

Accounts receivable consist primarily of amounts due from advertising placed in the Trust's publications, royalties due, Historic Site receivables, government grants, conferences, accrued interest, and acquisition fees.

Accounts receivable are stated at their net realizable value and are charged to bad debt expense when they are determined to be uncollectible based upon review by management. U.S. GAAP requires that the allowance method be used to recognize bad debts; however, the effect of using the direct write-off method is not materially different from the results that would have been obtained under the allowance method.

(h) Merchandise Inventory

Inventory, consisting primarily of books and other merchandise, is stated at the lower of cost or market. Cost is determined on an average-cost basis.

(i) Split-Interest Agreements

The Trust is the beneficiary in various split-interest agreements with donors primarily consisting of charitable gift annuities, irrevocable charitable remainder unitrusts, and retained life estates. In the year of the gift of charitable gift annuities and irrevocable charitable remainder unitrusts for which the Trust serves as the trustee (the agreements), the Trust recognizes contribution revenue on the net amount of assets received and liabilities assumed on the agreements, either as unrestricted, temporarily or permanently restricted based on donors' restrictions. Assets held under the agreements are stated at fair value and are included in other investments in the consolidated statements of financial position.

The Trust pays a variable annuity amount equal to the specified percentage of the fair value of assets on the date of payment to the donors or the donors' designees for the remainder of their lives. The estimated life expectancies used are determined from Social Security Administration Period Life Tables, which range from 2 to 18 years and 3 to 18 years at June 30, 2018 and 2017, respectively. The discount rate is based on rates commensurate with the expected remaining life of the donors or donors' designees and was 3.375% at June 30, 2018 and 2017. The liability

Notes to Consolidated Financial Statements

under these agreements is recognized at the present value of estimated future payments based on actuarial assumptions and is included in other liabilities in the consolidated statements of financial position. Adjustments to the liability to reflect changes in actuarial assumptions and amortization of discount are recognized in contributions revenue in the consolidated statements of activities.

The Trust is also named as a beneficiary of the remaining assets of irrevocable charitable remainder unitrusts whose trust funds are managed by third parties. In the year of the gift, revenue is recognized for the fair values of the Trust's beneficial interest in the trust funds, as either unrestricted, temporarily or permanently restricted based on donors' restrictions and is included in contribution revenue. Assets are stated at fair value and are included in other investments, and the related liabilities are stated at fair value and are included in amounts held for others on the consolidated statements of financial position.

The Trust may also be the beneficiary in irrevocable retained life estates wherein the Trust has a remainder interest in property of the donor. The donor has the right to live in the property until their death at which time the Trust takes possession of the property. In the year of the gift, revenue is recognized for the assessed fair value of the property, as either temporarily or permanently restricted based on donors' restrictions and is included in contribution revenue. Assets are stated at fair value and are included in contributions receivable, and the related liabilities are stated at fair value and are included in amounts held for others on the consolidated statements of financial position.

(j) Investments

The Trust categorizes its financial assets based on the stated purpose for each category of investment: revolving loan investments, endowment investments, and other investments.

The revolving loan fund consists of cash, cash equivalents and notes receivable. The notes receivable are recorded at their net realizable value.

Endowment assets are the largest category of investments and consist of board-designated, temporarily restricted and permanently restricted endowment funds. The Investment Committee monitors and approves all changes to the investment of these funds. Investments are reported at fair value. Investment results are reviewed by management on a monthly basis taking into consideration the pricing methodology and assumptions used by each fund manager in determining the fair value of the investment. Income from interest and dividends is recognized as investment income and realized and unrealized gains and losses net of board-authorized spending designated for operations are reported as non-operating support.

(k) Property and Equipment

All property and equipment are capitalized at their historical cost. The Trust capitalizes all property and equipment purchased with a cost of \$5,000 or more.

Depreciation of equipment and vehicles and amortization of computer software is computed on the straight-line basis over estimated useful lives of 3 to 10 years. The leasehold improvements and fixtures for the Watergate headquarters building are amortized over the lesser of the 15

Notes to Consolidated Financial Statements

year term of the lease, or the estimated useful life of the leasehold improvement, using the straight-line basis. Costs associated with renovation and construction projects at historic sites, which are not part of the historic site, are depreciated over 20 to 30 years using the straight-line basis once the project has been placed in service.

(I) Impairment of Long Lived Assets

The Trust reviews asset carrying amounts periodically in addition to whenever events or circumstances indicate that such carrying amounts may not be recoverable. When considered impaired, the carrying amount of the asset is reduced to its current fair value, charged to the consolidated statement of activities. No impairment loss has been recognized at June 30, 2018 and 2017.

(m) Contributions

Contributions, including unconditional promises to give, are recognized as revenues in the period received or when the gift or promise is made. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value at the date of gift, except that contributions of works of art, historical treasures, historic sites, and similar assets held as part of collections are not recognized or capitalized.

Contributions received with donor restrictions are recorded as temporarily or permanently restricted revenue based on donor intent. Temporarily restricted amounts are held in a separate fund in the invested assets until expended for their restricted purpose or in a separate account if so required by the donor. Expirations of temporary restrictions recognized on net assets (i.e., the donor-stipulated purpose for historic properties and preservation services has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications from temporarily restricted net assets to unrestricted net assets. Temporary restrictions on gifts to acquire long-lived assets are considered met in the period in which the assets are depreciated.

Promises and pledges received with payments due in future periods are reported as temporarily restricted, unless the contribution is clearly intended to support current period, unrestricted activities or is received with permanent restrictions.

Contributions to be received after one year are discounted using the estimated risk adjusted rate of return on the contribution date. Amortization of the discount is recorded as additional contribution revenue and applied in accordance with donor-imposed restrictions, if any, on the contributions.

Allowance is made for uncollectible contributions based upon management's judgment and analysis of the creditworthiness of the donors, past collection experience, and other relevant factors.

Notes to Consolidated Financial Statements

(n) Measure of Operations

The Trust defines operations as all revenues and expenses that are an integral part of its current year programs and supporting activities. Non-operating support includes investment returns in excess of the Trust's aggregate board-authorized spending rate, if any.

The Trust's authorized spending rate was 5% for restricted endowment funds, for unrestricted endowment funds, and for the two general Historic Sites Funds in 2018 and 2017.

(o) Functional Allocation of Expenses

The costs of providing various programs and support activities have been summarized on a functional basis in the consolidated statements of activities. Direct expenses are charged to the respective program or supporting activity. Certain costs have been allocated among the programs and support services benefited based upon management's estimate of each program's share of the allocated costs.

The Trust paid professional fundraisers \$402,000 and \$346,843 in 2018 and 2017, respectively, for services related to capital campaigns, planned giving and general appeals, which are included as fundraising expense.

(p) Income Tax Status

The Trust accounts for uncertain tax positions in accordance with FASB Accounting Standards Codification (ASC) 740, *Income Taxes* (ASC 740), which requires that a tax position be recognized or derecognized based on a "more likely than not" threshold. This applies to positions taken or expected to be taken in a tax return. The Trust does not believe its financial statements include any material uncertain tax positions. The Trust is still open to examination by taxing authorities from fiscal year ended June 30, 2015 forward.

The National Trust, NMSC, and NT CDFI are Section 501(c)(3) organizations exempt from income tax as provided under Section 501(a) of the Internal Revenue Code. Unrelated business taxable income is subject to income tax.

HTLLC, a single member limited liability company, is a disregarded entity of NTCIC under the Internal Revenue Code. NTCIC is taxed on HTLLC's taxable income.

NTIS, NTHREDF and CMP LLC are treated as partnerships under the Internal Revenue Code. Accordingly, the members of the limited liability company are taxed on their proportionate share of NTIS's NTHREDF's, and CMP LLC's taxable income.

ASC 740 also requires that deferred income taxes be recognized for the difference between the financial and the tax-reporting basis of assets and liabilities using enacted tax rates and laws that are expected to be in effect when differences are expected to reverse. NTCIC accounts for income taxes under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to the differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards.

Notes to Consolidated Financial Statements

The components of the provision for NTCIC's income taxes, included in preservation services in the consolidated statements of activities for the years ended June 30, 2018 and 2017 were as follows:

June 30,	2018	2017
Current tax (benefit) expense Deferred tax expense (benefit)	\$ (154,355) 110,648	\$ 1,313,319 (95,230)
(Benefit) provision for income taxes	\$ (43,707)	\$ 1,218,089

The effective tax rate was (4.52%) and 43.91% for the years ended June 30, 2018 and 2017, respectively.

The components of NTCIC's deferred tax assets as of June 30, 2018 and 2017 were as follows:

June 30,	2018	2017
Net operating loss Depreciation Other Valuation allowance	\$ 99,776 71,747 284,286 (99,776)	\$ 120,638 196,428 213,104 (57,800)
Deferred tax assets	\$ 356,033	\$ 472,370

(g) Fair Value of Financial Instruments

The following methods and assumptions were used by the Trust in estimating fair value disclosures for financial instruments:

Notes payable - The fair value of notes payable is estimated using rates currently available to the Trust for debt with similar terms and remaining maturities. The fair values of notes payable at June 30, 2018 and 2017, are not materially different from their carrying values.

Contributions receivable - The fair value of contributions receivable due in less than one year is equal to their stated value as of the date of the gift. For amounts due in one year or more, fair values are estimated using discount rates determined during the year that the contribution revenue is first recognized.

Split interests - The fair value of assets related to split interest agreements is stated at market value. Retained life estates included in contributions receivable may be stated at tax assessed value when market values are not readily obtainable. Liabilities related to split interest are stated at net realizable value.

Investments - The fair value of endowment assets is estimated using the practical expedient as allowed under FASB ASU 2009-12, *Fair Value Measurements and Disclosures (Topic 820):*

Notes to Consolidated Financial Statements

Investments in Certain Entities That Calculate Net Asset per Share (or Its Equivalent) for those investments that are not publicly-traded.

All other assets and liabilities - Fair values of all other financial instruments approximate their reported values.

(r) Revenue Recognition

Grant Income

Amounts received from local, state and federal grants, except for federally sponsored endowment funds, are recognized as income to the extent of related expenses incurred for grant purposes. Federally sponsored endowment funds are recognized as revenue at the time of receipt.

Contributions

Contribution revenue is recognized at fair value on the earlier of the receipt of cash or an unconditional promise to give. From time to time, the Trust receives promises to give that have certain conditions such as meeting specific milestones or revocable features to the promise to give. Conditional promises to give are recognized as revenue when the conditions are substantially met. See note 4.

Donated professional services and goods are recognized as contributions revenue at their fair value at the time the services are rendered. The value of donated services and goods recognized for the years ended June 30, 2018 and 2017 totaled \$4,360,089 and \$182,694, respectively, and includes donated professional services which would otherwise have been purchased.

Membership Dues

The Trust recognizes membership dues upon receipt. A portion of membership dues, which typically range from \$20 to \$1,000 per year, is considered a contribution and is recognized immediately. In 2018 and 2017, the Trust recognized contribution revenue on all membership payment amounts in excess of \$10 which is the internally assessed cost of serving a member at the Trust.

Admissions and Special Events

Revenue from admissions and special events at historic sites managed by the Trust, which help to educate the public about historic preservation, are recognized when earned.

Investment Income

Revenues and gains on short-term investments are reported as increases in unrestricted net assets unless their use is limited by donor-imposed stipulations. Revenues and gains on long-term investments are reported as increases in restricted and unrestricted net assets. Unrealized and realized gains and losses are recorded in investment return in the consolidated statement of activities.

Notes to Consolidated Financial Statements

Contract Services

Revenue from contract services, such as relating to educational services to local nonprofit revitalization organizations and consulting, planning and training services to assist communities with the revitalization of their traditional commercial districts, are recognized when services are provided.

NTCIC and its subsidiaries recognize contract services revenue on acquisition, incentive asset management, asset management, reservation, consulting and administration fees, commissions and travel revenue when earned, with any amounts to be paid in future periods recorded as a receivable. Revenue is considered earned when specified events have taken place and/or when the company's obligations have been met. In addition, fees received in advance are deferred and recognized when earned.

Sales of Articles

Revenue from sales of articles is primarily earned at the Trust's historic sites, which operate gift shops that sell books and merchandise that reflect the site's history and architecture and the field of historic preservation. The shops further the educational and interpretive missions of the historic sites and of the Trust. Revenue is recognized when merchandise is sold.

Advertising

Advertising revenue consists primarily of revenue from the sale of advertisements in the "Preservation" magazine and on the Trust's web site.

Public Service Announcements

Public service announcements are recognized as public service announcements revenue at their fair value at the time the services are rendered. The value of public service announcements recognized for the years ended June 30, 2018 and 2017 totaled \$359,072 and \$466,964, respectively, and includes public service announcements which would otherwise have been purchased.

Royalty Income

Royalty revenue consists primarily of revenues resulting from various third-party trademark licensing agreements for the use of the Trust's name on certain commercial products and marketing arrangements. Royalty revenue is recognized as earned.

(s) Guarantees

In accordance with FASB ASC 460, *Guarantees*, for all guarantees entered into after January 1, 2003, the Trust's obligation under the guarantee agreement (described at note 7) is estimated at the face value in the underlying debt agreement.

Notes to Consolidated Financial Statements

(t) Joint Costs

In accordance with FASB ASC 958-720-50-2, *Not-For-Profit Entities - Other Expenses - Disclosure - Accounting for Costs of Activities That Include Fundraising*, the Trust allocates costs between fundraising and programmatic expenses where such joint costs serve education, advocacy or other programmatic purposes in addition to fundraising. During the years ended June 30, 2018 and 2017, all costs were charged to fundraising as there were no calls to action in accordance with the applicable guidance.

(u) Investments in Operating Entities

NTCIC accounts for its investments in various operating entities (the Investment Entities) under the equity method. Under the equity method, the investments are recorded at cost and adjusted for NTCIC's share of income or loss of the Investment Entities, additional investments, and cash distributions from the Investment Entities. Since NTCIC has no obligation to fund liabilities of the Investment Entities beyond its investments, including loans and advances, investments in the Investment Entities may not be reduced below zero. To the extent that equity losses are incurred when NTCIC's carrying values of its investments in the Investment Entities have reached a zero balance, any losses will be suspended to be used against future income.

NTCIC has determined that the Investment Entities are variable interest entities and NTCIC is not the primary beneficiary. As a result, NTCIC is not required to consolidate its investments in the Investment Entities. This conclusion was based on the determination that NTCIC does not have the power to direct the activities that most significantly impact the Investment Entities economic performance.

(v) Risks and Uncertainties

The Trust's invested assets consist of money market funds, short term fixed income, marketable and nonmarketable equity and debt securities. As such, these investment assets are exposed to interest rate, market and credit risk. Due to the level of uncertainty related to changes in interest rate, market volatility, and credit risks, it is at least reasonably possible that changes in these risks could materially affect the fair value of investments reported in the consolidated statement of financial position. However, the diversification of the Trust's investment assets among these various asset classes is designed to mitigate the impact of any dramatic change on any one investment asset class.

(w) Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires the Trust to make estimates and assumptions that affect the reported amounts of assets and liabilities of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes to Consolidated Financial Statements

(x) Reclassifications

Certain amounts have been reclassified in the 2017 consolidated financial statements to conform to the 2018 presentation.

2. Description of Program and Support Services

Descriptions of the program and support services in the accompanying consolidated financial statements are as follows:

Historic Sites - Preserves and manages for public benefit the Trust's property, real and personal; encourages an understanding of historic preservation and history through site-based educational programs; administers networks of historic sites that collaborate on preservation issues with the Trust and reviews any potential acquisition opportunities for new historic sites.

Preservation Services - Provides direct action to save historic places at a revolving portfolio of important places—National Treasures—that are either nationally significant or the preservation of which will have national implications. Undertakes deep, sustained effort on nationally important preservation priorities including the revitalization of urban areas.

Within the preservation category, the Legal and Preservation Divisions advocate national historic preservation policy positions before government agencies, Congress, and state and local legislative bodies, and in courts of law (both as a party litigant and as a friend of the court); conduct research on public policy issues relating to historic preservation; administers preservation easements on sites nationwide; and provide professional expertise on the protection of historic resources and educational materials to the legal and preservation communities.

Publications - Educates, fosters knowledge, stimulates interest, and facilitates participation in public and private historic preservation through the printing and publication of the Trust's general materials, newsletters, professional journals, and magazines.

Education - Encourages an understanding of historic preservation through conferences and seminars, communications, training, internships, merchandising, public service announcements and preservation-related products.

Membership Outreach - Educates the general public on the value of and techniques for preserving our nation's architectural and cultural heritage, and develops membership.

General and Administrative - Includes the functions necessary to maintain an equitable employment program; ensures an adequate working environment; provides general management, coordination, and articulation of the Trust's programs and operation; secures proper administrative functioning of the board of trustees and board of advisors; provides legal counsel; manages the Trust's information technology requirements; and manages the financial, endowment, and budgetary responsibilities of the Trust.

Fundraising - Provides the structure necessary to encourage and secure financial support from individuals, foundations, corporations, and other grant makers.

Notes to Consolidated Financial Statements

3. Property and Equipment

Property and equipment comprised the following:

_June 30,	2018		2017
Buildings and improvements	\$ 12,891,525	\$	7,885,288
Leasehold improvements	3,313,131	·	3,313,131
Furniture and equipment	1,321,358		1,328,654
Computer equipment	5,404,519		4,748,234
	22,930,533		17,275,307
Less accumulated depreciation	(5,525,032)		(4,787,000)
Total	\$ 17,405,501	\$	12,488,307

Included in buildings and improvements are costs related to the renovation of the Cooper-Molera Adobe historic site in Monterey, California. Capitalized costs totaled \$6,103,534 and \$1,067,497 as of June 30, 2018 and 2017, respectively.

Also included in building and improvements are costs related to renovations of historic sites that were a part of a comprehensive restoration and renovation plan, completed in multiple phases over the past several years. At the completion of the project, related expenses of \$1,565,169 were capitalized in 2017 resulting in a net reversal of expense of \$841,022 for the year ended June 30, 2017.

4. Contributions Receivable

Contributions receivable are summarized as follows:

June 30,		2018		2017
Unconditional promises to give expected to be collected in:				
Less than one year	\$	8,327,128	\$	6,451,634
One to five years	,	3,916,500	,	1,747,184
More than five years		35,187,520		437,500
		47,431,148		8,636,318
Less:				
Allowances for uncollectible pledges		(127,399)		(180,892)
Unamortized discount		(5,015,437)		(224,061)
		42,288,312		8,231,365
Less current contributions receivable		(8,327,128)		(6,451,634)
Contributions receivable, net of current	\$	33,961,184	\$	1,779,731

The discount rates used to calculate the present value of contributions receivable range from 0.32% to 2.91% as of June 30, 2018 and 2017. During the year ended June 30, 2018 and 2017, the Trust recognized \$(55,300) and \$31,964, respectively, in accretion of discounts relating to contributions receivable.

Notes to Consolidated Financial Statements

Commitments from donors for conditional promises to give total \$1,309,493 and \$1,447,952 at June 30, 2018 and 2017, respectively. For June 30, 2018, these include pledges of \$375,000 that are letters of intent for existing programs and \$934,493 in gifts with matching requirements which will be accrued in future periods as the conditions for revenue recognition are met.

5. Amounts Held for Others

Amounts held for others, reported as both an asset and liability in the consolidated statements of financial position, comprised the following:

June 30,	2018	2017
Endowment held for Montpelier Endowment held for the benefit of Congressional	\$ 11,059,032	\$ 10,621,922
Cemetery	5,048,552	4,908,019
Charitable remainder trusts	395,681	416,462
Endowment held for the benefit of Belle Grove	259,425	251,244
Retained life estates	180,000	-
Reserve held for Emerson School	15,820	15,533
Endowment held for National Main Street Center	3,632	-
Endowment held for the benefit of Cliveden	-	584,133
Total amounts held for others	\$ 16,962,142	\$ 16,797,313

6. Split-Interest Agreements

The Trust is a beneficiary of split-interest agreements in the form of charitable gift annuities, charitable remainder unitrusts, unitrusts, and pooled income funds that are included in other investments on the consolidated statements of financial position, and include the following:

June 30,	2018	2017
Charitable gift annuities	\$ 1,265,657	\$ 1,485,180
Charitable remainder unitrusts held by third parties	444,942	434,893
Charitable remainder unitrusts held by the Trust	791,514	802,022
Unitrusts	242,643	-
Pooled income funds	92,307	93,183
Total assets held under split-interest agreements	\$ 2,837,063	\$ 2,815,277

As of June 30, 2018 and 2017, liabilities associated with split-interest agreements comprised the following:

June 30,	2018	2017
Charitable gift annuities Charitable remainder unitrusts held by the Trust Pooled income funds	\$ 1,195,062 395,681 18,712	\$ 1,391,309 416,462 20,189
Total liabilities related to split-interest agreements	\$ 1,609,455	\$ 1,827,960

Notes to Consolidated Financial Statements

Liability balances represent the present value of future cash flows expected to be paid to the donor or the donor's designee over the estimated remaining term of the agreement. During the year ended June 30, 2018 and 2017, the Trust recognized \$77,232 and \$(142,411), respectively, in accretion of discounts related to split-interest agreements.

7. Guarantee

The Trust has executed a Guaranty Agreement with respect to the obligation of The Montpelier Foundation (the Foundation) under a Bond Purchase and Loan Agreement. The Trust would be obligated to pay any outstanding obligation, without limitations, to Capital One in the event the Foundation defaults under the Bond Purchase and Loan Agreement. The maximum potential amount of future payments under the guarantee is \$9.1 million at June 30, 2018 and 2017.

Funds held by the Trust on behalf of The Montpelier Foundation may be used to reimburse the Trust or offset costs or payments incurred by the Trust under the Agreement. The Montpelier endowment is included in temporarily restricted net assets. The amount held on behalf of Montpelier at June 30, 2018 and 2017 was \$11,059,031 and \$10,621,922, respectively, and is included in amounts held for others in the consolidated statements of financial position.

At June 30, 2018 and 2017, no liability was reported in the accompanying consolidated statements of financial position related to the Agreement as: (a) at this time, no information exists to indicate that a future event will occur that would cause the Trust to incur a contingent liability under the Agreement; (b) the Trust is exempt from fair valuation treatment of non-contingent liabilities under FASB ASC 460-10-30-1 and 460-10-25-1; (c) the Trust and Foundation are considered related parties.

Line-of-Credit

Through the Amended and Restated Operations Agreement between NTCIC and the National Trust dated June 16, 2016, the Trust agreed to provide a line-of-credit of \$1 million to be used for NTCIC's direct operating expenses. NTCIC must consult with the Trust in order to use this line-of-credit for any other purpose. The line of credit has never been drawn by NTCIC. In October 2017, the Trust approved the extension of the line of credit from its maturity date on December 22, 2017 for an additional 2-year term to December 22, 2019.

Notes to Consolidated Financial Statements

8. Investments

The composition of investments owned by the Trust at June 30, 2018 is presented below:

	Revolving loan funds	Endowment and similar funds including amounts held for others	Other investments including short-term investments	Total
Cash holdings	\$ -	\$ 16,215,580	\$ 3,565,739	\$ 19,781,319
Notes receivable	32,182	-	-	32,182
Short-term holdings	-	-	4,246,036	4,246,036
Equities - U.S.	-	54,506,336	1,233,745	55,740,081
Equities - non U.S.	-	35,124,550	121,919	35,246,469
Equities - global	-	54,379,780	656,101	55,035,881
Fixed income	-	18,458,323	8,265,753	26,724,076
Hedge funds	-	61,759,465	67,981	61,827,446

Private equity	-	16,231,973	-	16,231,973
Total investments	\$ 541,018	\$ 262,563,154	\$ 19,026,709	\$ 282,130,881

Notes to Consolidated Financial Statements

The revolving loan funds include all assets restricted or designated to the revolving loan fund program. The endowment and similar funds include all permanently restricted contributions, temporarily restricted unrealized and realized cumulative gains, assets designated by the board for long-term purposes, and an unrestricted fund for unspent temporarily restricted contributions. Funds held for others are a component of the endowment funds. Other investments mainly represent split interest agreements and unspent grant funds received that the Trust has invested to obtain higher yields.

Within the revolving loan funds, notes receivable of \$32,182 and \$14,665 as of June 30, 2018 and 2017, respectively, were investments in various partnerships.

The composition of investment income as follows:

Years ended June 30,	2018	2017
Interest and dividends from investments Interest earned on cash, loan and notes receivable Investment expenses Amounts designated for operations	\$ 1,661,585 \$ 77,230 (738,400) 12,514,605	994,058 36,097 (711,306) 15,197,042
Investment income for operations	13,515,020	15,515,891
Net realized and unrealized gains and losses Investment earnings allocated to endowments held	18,340,822	32,204,708
for others	(448,814)	(1,312,366)
Amounts designated for operations	(12,514,605)	(15,197,042)
Total investment gain in excess of amounts		
designated for operations	5,377,403	15,695,300
Total investment income	\$ 18,892,424 \$	31,211,191

9. Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures (ASC 820) defines fair value, requires disclosures about fair value measurements, and establishes a three-level hierarchy for fair value measurements based on the inputs to the valuations of an asset or liability at the measurement date. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following three-level hierarchy classifies the inputs used to determine fair value:

- Level 1 quoted prices in active markets for identical assets or liabilities;
- Level 2 inputs, other than quoted prices, that are observable by a marketplace participant, either directly or indirectly; and
- Level 3 unobservable inputs that are significant to the fair value measurement.

Notes to Consolidated Financial Statements

The Trust applies the guidance in ASC 820 to its investments including equities, bonds and fixed income, hedge funds, real assets and private equity. This guidance permits, as a practical expedient, the fair values of investments within its scope to be estimated using net asset value per share or its equivalent.

It should be noted that investment risk cannot be estimated based on this classification methodology.

The following table classifies all investments into the hierarchy set forth by ASC 820 as of June 30, 2018:

				Reported at	
	Level 1	Level 2	Level 3	NAV *	Total
Cash holdings Notes	\$ 19,781,319	\$ -	\$ -	\$ -	\$ 19,781,319

The nature and risks inherent in each of the Trust's major categories of investments where the fair value was estimated using the practical expedient are summarized as follows:

- a) This category includes U.S., non-U.S., and global equity investments and share in the returns and risks associated with exposure to their respective markets.
- b) This category includes fixed income investments and share in the returns and risks associated with exposure to U.S. and non-U.S. credit markets, interest rates and foreign currencies.
- c) Hedge fund investments are comprised of a diversified portfolio and share in the returns and risks associated with the equity markets, credit markets, interest rates and foreign currencies. In addition, some of these funds may present lower liquidity, organizational risk, event and deal risks, leverage, and counterparty risk. Reduced redemption rights have been accepted for certain funds in order to access these funds.
- d) Real assets investments are invested globally, principally in the energy and materials sector with smaller amounts invested in land, timber and renewable energy and share in the returns and risks associated with equity markets, interest rates and commodities markets.
- e) Private equity investments are invested globally in consumer, computer, medical/pharmaceuticals, communications, financials, services, energy and electronics and share in the risks and returns associated with the equity markets and credit market risks.

Notes to Consolidated Financial Statements

10. Management of Endowment Funds

The Trust's endowment includes both donor-restricted endowment funds and funds designated by the Board of Trustees to function as endowments. Donor-restricted endowment funds may either be classified as permanently restricted or temporarily restricted.

The Trust has interpreted the District of Columbia *Uniform Prudent Management of Institutional Funds Act of 2007* (the Act) as requiring the Trust, absent explicit donor stipulations to the contrary, to act in good faith and with the care that an ordinarily prudent person in a like position would exercise under similar circumstances in making determinations to appropriate or accumulate donor-restricted endowment funds, taking into account both its obligation to preserve the value of the endowment and its obligation to use the endowment to achieve the purposes for which it was donated. The Trust classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment required by the applicable donor gift instrument. The remaining portion of donor-restricted endowment funds that are not classified as permanently restricted are classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Trust.

In making a determination to appropriate or accumulate, the Trust adheres to the standard of prudence prescribed by the Act and considers the following factors:

- 1) The duration and preservation of the fund;
- 2) The purpose of the Trust and the donor-restricted endowment;
- 3) General economic conditions;
- 4) The possible effect of inflation and deflation;
- 5) The expected unrealized appreciation and depreciation of the investments;
- 6) Other resources of the Trust; and
- 7) The investment policy of the Trust.

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or the Act requires. There were \$0 and \$63,752 of donor-restricted endowment funds as of June 30, 2018 and 2017, respectively, that fell below the level that the donor or the Act requires.

Notes to Consolidated Financial Statements

Endowment net assets consist of the following as of June 30, 2018:

	Unrestricted	Temporarily restricted	Permanently restricted	Total
Donor-restricted endowment funds	\$ -	\$ 71,986,215	\$ 89,444,551	\$ 161,430,766

Notes to Consolidated Financial Statements

11. Rental Income and Expense

The Trust rents buildings at its historic sites to staff or unrelated parties as housing or other uses and also leases space for site staff offices, visitor facilities and related uses with various lease expiration dates through 2022. Most of these buildings are considered a part of the Trust's collection and are therefore not included in the financial statements. The Emerson building, located in Denver, Colorado is used for both staff offices and a leased space for third parties. The cost of the Emerson building and renovations at June 30, 2018 was \$4,623,513 with accumulated depreciation of \$114,071.

Future minimum rental income from non-cancelable operating leases is as follows:

Years ending June 30,	
2019	\$ 295,191
2020	174,346
2021	111,761
2022	75,494
Total	\$ 656,792

The Trust rents certain office space for field offices and the headquarters building, and equipment under operating leases. Total rental expense under such leases was \$2,280,164 and \$2,755,948 for the years ended June 30, 2018 and 2017, respectively, and is included in occupancy expenses within the consolidated statements of functional expenses. The Trust holds a letter of credit in favor of the landlord for its headquarters office in the amount of \$135,561 in lieu of a security deposit for this lease.

Minimum future lease commitments on office space and equipment are as follows:

Years ending June 30,	
2019	\$ 2,374,724
2020	2,349,317
2021	2,166,290
2022	2,197,571
2023	2,253,267
Thereafter	13,372,269
Total	\$ 24,713,438

Notes to Consolidated Financial Statements

12. Notes Payable

Notes payable at June 30, 2018 and 2017 consist of the following:

	2018	2017
Larry A. Nelson and Ruth Falkenberg \$1,500,000 loan for the renovation of Emerson School Building in Denver at 5% monthly interest with interest and principal payments of \$8,052 due May 1, 2013 through September 30, 2022. Secured with the deed of trust on the Emerson School Building.	\$ 1,370,463	\$ 1,400,040
Sacramento Bank of Commerce \$3,800,000 construction loan for the renovation of Cooper-Molera Adobe historic site in Monterey, California at 5.15% monthly interest for the first 7 years and the 5-year Constant Maturity Treasury Rate plus 2.75% thereafter. Interest only payments. Beginning July 1, 2019, principal and interest payments with principal payments based on a 25-year amortization. Loan matures on June 20, 2027. Secured with a leasehold interest in the commercial		
Bank of America, line-of-credit (LOC) \$10,000,000 for operations at British Bankers Association (BBA) LIBOR Daily Floating Rate plus 1.5% paid monthly. LOC is secured with the deposits and accounts maintained with the Bank of America and expires on May 31, 2019.	2,957,656 8,500,000	2,500,000
Total	\$ 12,828,119	\$ 3,900,040

The Trust recognized \$255,493 and \$142,501 of interest expense for the years ended June 30, 2018 and 2017, respectively. Interest expense is allocated between preservation services and general and administrative expenses in the consolidated statements of activities.

Future principal payments of notes payable outstanding at June 30, 2018 are as follows:

Years ending June 30,	
2019	\$ 8,528,758
2020	148,535
2021	150,082
2022	151,708
2023	1,364,605
Thereafter	2,484,431
Total	\$ 12,828,119

Notes to Consolidated Financial Statements

Line-of-credit

Under the terms of its line-of-credit agreement with Bank of America, the Trust must maintain a debt to unrestricted, unencumbered liquid asset ratio of greater than 2 to 1.

Construction Debt

On June 21, 2017, CMP LLC and Sacramento Bank of Commerce were parties to a \$3,800,000 construction loan for the renovation of Cooper-Molera Adobe historic site in Monterey, California. The National Trust, FHP, and an individual partner of Foothill Partners are guarantors of the loan and guarantee the full repayment of the loan. The loan is secured with real and personal property of Cooper-Molera Adobe and is a ten-year loan with a maturity date of June 20, 2027. The loan balance outstanding was \$2,957,656 and \$0 as of June 30, 2018 and 2017, respectively.

13. Net Assets

Unrestricted net assets consist of the following at June 30, 2018:

	Available for operations	Board- designated	Total
Net investment in property and equipment Other operating deficit Funds functioning as endowment funds Other board-designated	\$ 17,405,501 (2,907,241) - -	\$ - - 82,176,334 3,634,997	\$ 17,405,501 (2,907,241) 82,176,334 3,634,997
	\$ 14,498,260	\$ 85,811,332	\$ 100,309,592

Unrestricted net assets consist of the following at June 30, 2017:

	Available for operations	Board- designated	Total
Net investment in property and equipment Other operating reserves Funds functioning as endowment funds Other board-designated	\$ 12,488,307 1,053,028 - -	\$ - - 80,300,250 5,636,590	\$ 12,488,307 1,053,028 80,300,250 5,636,590
	\$ 13,541,335	\$ 85,936,840	\$ 99,478,175

Notes to Consolidated Financial Statements

Temporarily restricted net assets consist of the following at June 30:

	2018	2017
NMSC subsidiary	\$ 689,527 \$	324,023
Contributions for specific properties or programs or subject to time restrictions	15,013,040	12,446,319
Cumulative gains on endowment funds for the preservation and maintenance of specific historic properties or programs	71,986,215	68,940,618
	\$ 87,688,782 \$	81,710,960

Permanently restricted net assets at June 30 consist of investments in perpetuity, the income from which is expendable to support:

	2018	2017
Specific properties Specific programs General operations	\$ 85,993,511 \$ 21,035,585 10,924,132	55,389,126 19,808,895 10,924,132
	\$ 117,953,228 \$	86,122,153

14. Designated by Board of Trustees

Funds designated by the Board of Trustees represent the portion of unrestricted funds that have been set aside for specific purposes or as quasi-endowments by action of the Board of Trustees.

Following is a summary of activity in funds designated by the Trustees for the years ended June 30:

	2018	2017
Board-designated net assets, beginning of year	\$ 85,936,840 \$	83,240,463
Activity for the year:		
Amounts transferred to Board-designated	-	601,714
Amounts transferred from Board-designated	(17,533)	-
Net gains on quasi-endowments	2,040,868	3,442,066
Funds expended for Board-designated purposes	(2,148,843)	(1,347,403)
	(125,509)	2,696,377
	\$ 85,811,332 \$	85,936,840

Notes to Consolidated Financial Statements

15. Retirement Plan

The Trust adopted a noncontributory defined contribution pension plan effective January 1, 1986. The plan provides benefits to all eligible employees of the Trust. Contributions are currently determined based on 5% of the eligible employees' earnings for the calendar year. Employer contributions for eligible employees were \$876,375 and \$842,353 for the year ended 2018 and 2017, respectively. Participants are 20% vested after 2 years of service, 50% vested after 3 years of service, 75% vested after 4 years of service and 100% vested after 5 years of service or upon reaching age 55. Forfeitures of non-vested participant balances are used to offset future employer contributions.

The Trust adopted a voluntary employee contribution 403(b) retirement plan in 2007 to provide retirement benefits to eligible employees on an elective deferral contribution basis. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are 100% vested in their accounts at all times.

The Trust adopted a nonqualified deferred retirement savings plan (457(b)) for senior management and highly compensated employees on January 1, 2003. The plan currently allows eligible employees to defer salary amounts up to the maximum allowed under IRS regulations (up to \$18,500 in calendar year 2018) annually. The Retirement Committee adopted a resolution on November 18, 2015 specifying that a select group of management or highly compensated employees are eligible to participate. As of June 30,2018 and 2017, assets and liabilities associated with this plan are \$527,824 and \$454,185, respectively.

16. Contingencies

Government Grants

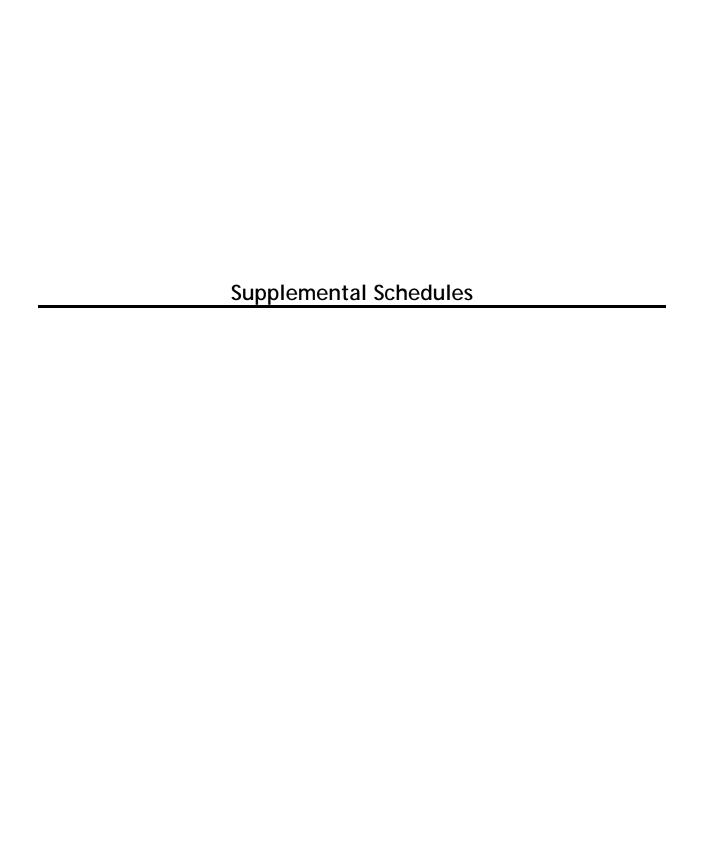

The Trust receives federal grants which are subject to audit. Until such audits have been completed and final settlement reached, there exists a contingency to refund amounts received in excess of allowable costs. Management believes that adjustments, if any, would not have a significant effect on the consolidated financial statements.

Litigation

The Trust occasionally has participated as plaintiff or defendant in litigation to defend its general corporate interests, for example in matters relating to contractual, employment, or tort-related claims. Management believes that the outcome of litigation, if any, will not be material to the consolidated financial statements.

17. Subsequent Events

The Trust has evaluated events subsequent to June 30, 2018 and through December 14, 2018, which is the date the consolidated financial statements were available to be issued. There were no events noted that required adjustment to or disclosure in these consolidated financial statements.
